APPENDIX A: EMHA Coach Mentorship Program

Building a Stronger Coaching Program

The EMHA Coach Mentorship Program was developed and implemented in 2009 as a direct result of Hockey Canada's acknowledgement that the ongoing mentoring of coaches at all levels in minor hockey is the key to the future growth of coaching and player development in Canada. As a result of this initiative, the EMHA has adopted and established its own mandatory credit system for coaches at all levels. Our program is an additional 8-10 hours on top of your coaching commitment. The Program's seminars, workshops and on-ice activities have been developed not only to support this objective but to provide participants with new tools, techniques and talents that transcend hockey boundaries for personal development and to benefit of other sports within which they participate in a coaching capacity.

ACTIVITIES

Whiteboard Presentations & On-Ice Sessions

- Whiteboard sessions, led by an HEO facilitator are conducted throughout the season
- Topics will vary from season to season
- On-ice sessions focusing on specific topics
- Practice planning session for new coaches, or review for returning coaches
- Attendance at these seminars will be tracked

One-to-One Mentoring

- Mentor Coaches are assigned to each level and are available to support and assist coaches by providing advice/guidance with game and practice situations including planning, team management, and overall hockey operations
