

# Outreach Report 2026 AGM

## Eastend Minor Hockey Association

This year, our Outreach program started off with a bang at our equipment swap. An incredible thank you goes out to Calen Falk for organizing an incredible event. A massive thank you goes out to Montana's Restaurant for sponsoring with burgers and hot dogs!

It was extremely heartwarming to see the community attend and make use of the equipment!

During the year multiple fundraising efforts helped, including the jersey sales by Eric Magnan. A big thank you goes to the Canadian Mineral Processors Society for their generous donation.

As an association, we helped 6 players pay for registration and 3 players for team fees.

We also have our donation net set up at the Richcraft sensplex to replenish our locker.

A big thank you to Chris McArthur, Foundation & Up Home Inspections, for sponsoring our equipment locker.

We will continue our efforts to make hockey accessible for families, looking forward to our next big equipment swap.

Yours in hockey,

Maryse Harris
